Dear Dr. Relucio:

LETTER OF AWARD:

U4U Allotment Number: 28U4U22

Data Universal Numbering System (DUNS) Number: 071688188

FUNDING PERIOD: January 1, 2023 through June 30, 2023

The Centers for Disease Control and Prevention (CDC) created a supplement to the Tuberculosis Elimination and Laboratory Cooperative Agreement (CDC-RFA-PS20-2001) CFDA number: 93.116; FAIN number: NU52PS910219.

This letter confirms the California Department of Public Health (CDPH) Tuberculosis Control Branch (TBCB) is awarding local assistance funds to support tuberculosis (TB) prevention and control activities serving the recently arrived Ukrainians as part of the Uniting for Ukraine (U4U) program. The Year 2 U4U funds are comprised of federal funds only ***and must be expended by June 30, 2023.***

U4U ALLOTMENT

The Napa County Public Health Department U4U Year 2 award amount for funding period January 1, 2023 through June 30, 2023 is \$4,418. The U4U allocation funding formula is 100% based on anticipated location of Ukrainian arrivals based on sponsorship locations as of November 4, 2022.

MANAGING YOUR U4U ALLOTMENT

U4U supplemental funds, comprised of federal funding only, may be used for: salaries and benefits for staff conducting TB prevention control and elimination activities; food, shelter, incentives and enablers (FSIE) for TB patients and their contacts; TB-related travel; TB-related supplies (excluding equipment); and anti-TB medications. Since funds from the original PS20-2001 (Cooperative Agreement) cannot be used for medications, you will need to keep a separate account of spending for medications purchased with U4U supplemental funds. Unspent U4U funds may be used for TB prevention and control activities that are ***not*** part of the U4U program.
