BACKGROUND AND DISCUSSION

The Health & Safety Code Section 1798.165 grants the Emergency Medical Services (EMS) Agency the authority to designate trauma facilities as part of its regional trauma care system plan. QVMC is a Level III Trauma Center and the only trauma hospital in Napa County. QVMC meets state and local trauma center criteria. They desire and are willing to accept designation by the local EMS Agency (LEMSA) as a Level III Trauma Center. QVMC is the only local option for the LEMSA to designate as a trauma center.

QVMC has been the designated trauma center in Napa County for many years. This agreement represents a renewal of their designation as a Level III Trauma Center. This agreement will also provide the EMS Agency with funding to offset some of the costs associated with trauma system planning, development, implementation, review, and the provision of ongoing clinical and operational oversight for the trauma care system.

QVMC is a local vendor.
