File #:	23-0409	Version:	1
Type:	Administrative	Status:	Agenda Ready
File created:	3/3/2023	In control:	Groundwater Technical Advisory Group
On agenda:	3/9/2023	Final action:	
Title:	Provide an update to the Technical Advisory Group (TAG) on progress developing potential water conservation actions for the Groundwater Pumping Reduction Workplan (GPR Workplan). This will include a discussion of feedback on existing certification programs, on-farm water conservation practices, and broader water conservation practices. The presentation (see Supporting Documents) will summarize existing and potential practices under consideration for voluntary water savings, and a matrix summary format for organizing the practices. Several framing questions are included to receive feedback and direction from the TAG.
