4. Find and determine that disposition of Property pursuant to the Agreement is exempt from the California Environmental Quality Act (CEQA).

EXECUTIVE SUMMARY

On November 5, 2021, Napa County Real Estate Fund, LP (Buyers) closed escrow with the County finalizing the sale of the Old Sonoma Road property located at 2344 Old Sonoma Road. As part of the transaction, Buyers were required by law to execute a restrictive covenant requiring 15% of the total units built on the property be sold or rented at affordable housing cost to lower income households.

The Buyers contacted County staff in April 2022 requesting to purchase an additional approximate 2,911 square feet of County property located at 212 Walnut Avenue (Property) on the County's Juvenile Justice Center parcel that is immediately adjacent to the Old Sonoma Road property (see attached Property description and plat map). Buyers stated that the purpose of their requested purchase was to give them the ability to add seven additional for-sale affordable housing units to their planned development (one for low income and six for moderate income households). These units would be added to the planned affordable housing units required to be built as a condition of the Old Sonoma Road sale.

Government Code Section 52201 authorizes the County to sell property for the purpose of creating "economic opportunity," which includes creation of affordable housing. Adoption of the requested resolution will complete the requirements of Government Code Section 52201 and will authorize sale of Property to Buyer for the fair market value of \$58,220 (the same per square foot price that was paid for the Old Sonoma Road property in November, 2021) for development of seven for-sale affordable housing units, pursuant to terms of the Agreement, including a required restrictive housing covenant and conditioned upon completion of project review and approval by the City of Napa. With 120 days of due diligence to allow for project review and approval by the City of Napa, the sale would close on or before July 12, 2023.

Moreover, CEQA review for development of the Property will be conducted at such time as the Buyer (or developer) brings forward the development proposal to the City of Napa.

BACKGROUND AND DISCUSSION

On November 5, 2021, Napa County Real Estate Fund, LP (Buyers) closed escrow with the County finalizing the sale of the Old Sonoma Road property located at 2344 Old Sonoma Road. As part of the transaction, Buyers were required by law to execute a restrictive covenant requiring 15% of the total units built on the property be sold or rented at affordable housing cost to lower income households.

On or about April 6, 2022, the Buyers contacted County staff requesting to purchase an additional approximate 2,911 square feet of County property located at 212 Walnut Avenue (Property) on the County's Juvenile Justice Center parcel that is immediately adjacent to the Old Sonoma Road property. Buyers stated that the purpose of their requested purchase was to add seven additional for-sale affordable housing units to their planned development (one for low income and six for moderate income households). These units would be added to the

planned affordable housing units required to be built as a condition of the Old Sonoma Road sale.

County Public Works staff met with Probation staff to talk about the requested acquisition, and Probation staff confirmed that they are not currently using Parcel A and have no future intended use for the area. Given the priority of creating needed affordable housing opportunities in the County, staff proceeded with negotiating a sale of the Property.

Government Code Section 52201 authorizes the County to sell property for the purpose of creating “economic opportunity,” which includes creation of affordable housing when there is an identified affordable housing need, after certain requirements are satisfied. The County-adopted 2023-2031 Housing Element includes a housing needs assessment to adequately plan for the existing and projected future housing needs of residents. To meet projected housing needs to address the Regional Housing Needs Allocation (RHNA), the County’s Housing Element identifies that 16 units of low income housing and 14 units of moderate income housing are needed. The addition of seven affordable housing units to be constructed on the Property will thus increase, improve, or preserve the supply of quality affordable housing that is needed in the community.

Government Code Section 52201 requires the Board to hold a public hearing to consider and adopt a resolution approving a summary report that describes specific financing elements of the proposed transaction and authorizing execution of a property disposition document, in this case a purchase and sale agreement (Agreement). Pursuant to Government Code Section 52201, public hearing notices were published in the Napa Register on February 28, 2023 and again on March 2, 2023. Copies of the summary report and the purchase and sale agreement were available for public inspection. The summary report, resolution, and proposed Agreement are attached for reference.

As described in the summary report, under the proposed Agreement, the County will convey Property to enable the Buyers to develop seven affordable for-sale housing units (Improvements). Key terms of the sale agreement are as follows:

- County commits to transfer Property to Buyer for the construction of the Improvements.
- Property will convey to Buyer in fee in its “as-is” condition.
- Buyer will purchase Property for the fair market value of \$58,220. In addition, Buyer will also pay all amounts necessary to pay approved escrow, title, and recording fees and costs.
- Buyer agrees to record a restrictive covenant under which Buyer will restrict the Improvements for a period of 45-years for their intended affordable housing purpose.
- Buyer must comply with all government entities’ regulatory and administrative processes related to the land use approvals required for development of the Improvements.

Adoption of the requested resolution will complete the requirements of Government Code section 52201 and will authorize sale of Property to Buyer for the fair market value of \$58,220 for development of seven for-sale affordable housing units, pursuant to terms of the Agreement, including a required restrictive housing covenant and conditioned upon completion of project review and approval by the City of Napa. With 120 days of due diligence to allow for project review and approval by the City of Napa, the sale would close on or before July 12, 2023.
