BACKGROUND AND DISCUSSION

Welfare and Institutions (W&I) Code Sections 5350 and 5352 requires the County to provide an officer to investigate requests for temporary, permanent, and Murphy conservatorships. Conservatorship investigations are necessary to provide the Courts with the comprehensive information they need to make critical decisions regarding mentally ill persons' need for conservatorship. These investigations are also necessary to ensure individualized treatment, supervision, and placement for mentally ill persons unwilling or incapable of accepting treatment voluntary.

Dr. Geisler provides investigation services for temporary, permanent, or Murphy conservatorships. The services provided under this Agreement include consultation, client interviews, medical and psychiatric review of records, report preparation, and court appearances, as necessary.

Approval of the requested amendment will revise the Compensation Exhibit to incorporate a rate increase from \$160/hr. to \$185/hr. for time spent on contract service activities. The only change on Exhibit A is a revision to the date. Lastly, to accommodate more referrals for Conservatorship Investigation services, a contract maximum increase of \$19,880 is necessary to cover both the rate increase and provider services for the rest of the fiscal year.

Dr. Geisler is a local provider.
