Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

I have been working as a DDA for over ten years, and have spent much of my career trying cases that involve children either as direct victims of crime, or as percipient witnesses to violence, abuse, and other criminal activity in their homes. Many of the individuals who are charged with crimes in our community have children, and their choices have lasting and detrimental effects on their kids' lives. Seeing the effects firsthand, as well as having two young boys of my own, I am interested in collaborating with others in our Napa community to help try to assist families in need. Identifying stressors in our community that contribute to poor decision making and

unhealthy living environments can help to create a safe place for children who may not have one currently.

I declare under penalty of perjury that the foregoing is true and correct.
