Community Participation

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

I enjoy working with a group as we focus on a common goal to make improvements that will benefit all. I believe my extensive hospitality background will make me a true asset to the committee. The diversity of working in major cities across the country may add a new point of view and some fresh ideas based on past experience. Most importantly i have worked in unincorporated Napa county for more than 5 years where i have built an existing business into a much higher quality business that is much more profitable as well. My time here has given me a good understanding of the marketing that has been done and I believe i can add a new perspective and ideas for the future.

Nature of activity and community location

Since my arrival at Carneros Resort and Spa i have worked to position the resort as a strong member of the community. I have been involved in so many of the events in the Valley such as Festival Napa, Film Festival and BottleRock. I have worked to build new partnerships with local wineries, art galleries and other businesses. I personally live in Napa and plan to be here long term and want to continue to work to help grow the travel industry in the Valley.
