Community Participation

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

My reasons for continuing in this role are similar to my reasons for joining with a few additions. With my foundational knowledge in mental health, my experience in peer support roles, and my background in program oversight and public health, I think I can be a useful member of the Board while also adding the perspective of living in Napa as a young person of color.

Nature of activity and community location

I was heavily involved in community work both at UCLA and in China where I served as a Peace Corps Volunteer. I hope to continue that involvement now while I am back at home and working in the Bay Area. These roles have involved positions primarily related to project management and administration and now include an oversight component for early childhood and family services programs.
