

## **CAC Member Survey February 2022**

**Are there other actions that the Committee should consider? Please list them here.**

- E-bikes and how to encourage their use (along with efforts to enhance bike lanes).
- Expand recycled water infrastructure in all jurisdictions
- Expand fast charging EV stations throughout Napa County
- Advance health forest initiatives (fuel reduction, thinning of non-native and flammable species) that support wildfire mitigation and environmental habitat protection
- Identify grant opportunities in general that will help reduce carbon emissions.
- Have a legislation watch that will inform members of pending or developing issues.
- Collaborate with other committees and agencies in the County that share efforts to reduce our carbon footprint.
- Find ways to coordinate and avoid duplication of effort and at the same time be supportive of those efforts.
- Consider Ad Hoc committees which include subject matter experts that are not members of the CAC to help guide our efforts and find new approaches.
- Evaluate existing power grid and make recommendations for future grid improvements
- Evaluate need for additional water retention infrastructure
- Financial Options/Strategies: 1. Grants, which may be for program development and or incentives. 2. Cash incentives from State and Federal agencies to support climate action crisis.
- Review and discuss the current electric grid and its capacity to take on future electricity demands.
