Existing law authorizes the provisions of Proposition 103 to be amended by a statute that furthers the purposes of the act and is enacted by the Legislature with a 2/3 vote. For insureds 65 years of age or older, this bill would limit an increase in their yearly premium for a policy of residential property insurance by no more than 25 percent for insured property located in a high or very high fire hazard severity zone, as identified by the State Fire Marshal, as specified, and allow only one premium increase in a 5-year period. Existing law includes, among other things, a base grant based upon average daily attendance as a component of that alternative education grant. This bill would revise the alternative education grant by, among other things, increasing the base grant component of the alternative education grant, revising the calculation of average daily attendance for purposes of the alternative education grant, as specified, and establishing add-ons of \$150,000 and \$300,000, respectively, for each county office of education that operates a juvenile court school or a county community school, as specified.
