CEQA Status: Consideration and possible adoption of a Mitigated Negative Declaration. According to the proposed Mitigated Negative Declaration, the proposed project would not have any potentially significant environmental impacts after implementation of mitigation measures. Mitigation measures are proposed for the following areas: Biological and Tribal Cultural Resources. The application also requests an Exception to the Conservation Regulations to construct the ingress and egresses of the cave within the stream setback and Exceptions to the Napa County Road and Street Standards (RSS) is requested for a Left Turn Lane Warrant and for required improvements on the shared project driveway. The applicant has proposed a modified left turn lane from Oakville Grade Road to the project driveway and improvements that serve the same overall practical effect of the Napa County Road and Street Standards.

The project is located on an approximately 42.68-acre site within the Agricultural Watershed (AW) zoning district with a General Plan land use designation of Agriculture, Watershed, and Open Space (AWOS) at 1581 and 1583 Oakville Grade, Napa, CA 94562; APN: 027-360-022-000.

B. POTTS POOL USE PERMIT EXCEPTION TO THE CONSERVATION REGULATIONS - #P23-00318-UPX [25-1248](#)

CEQA Status: Consideration and possible adoption of Categorical Exemption pursuant to California Environmental Quality Act Guidelines at 14 CCR Section 15301 (Class 1, Minor Alteration to Existing Facilities), Section 15303 (Class 3, New Construction or Conversion of Small Structures), which exempts construction of swimming pools; and Section 15304 (Class 4, Minor Alterations to Land) which exempts minor trenching where the surface is restored. It has been determined that this type of project does not have a significant effect on the environment and is exempt from the California Environmental Quality Act. The project site is not on any lists of hazardous waste sites enumerated under Government Code Section 65962.5.

Request: Approval of a request for an exception to the Napa County Conservation Regulations (County Code Chapter 18.108), in the form of a Use Permit in order to allow the development of a pool on land located within the required 45-foot setback from a county designated blue-line stream (Soda Creek). The subject parcel was impacted by the 2017 Complex fire, and the house (rebuild is almost completed) has been setback further from the existing stream. During the original building permit submittal two potential pool locations were called out; one location was proposed within the footprint of the former residence (an area that was already disturbed and developed) and another in between the house and well. Both locations lie within the required stream setback from Soda Creek, however, the existing home and improvements were legally established several decades before adoption of the stream setback requirements which came into effect in 1993 and thus said noted uses constitute pre-existing legal nonconformity. The proposed pool is an accessory use to a residence but is considered a new use as it was not existing prior to the 2017 fire. The development potential of the site is constricted due to the small size of the parcel (0.45 acres), narrow width of the parcel (~50 feet at the narrowest and ~150 at the widest), and the required road setback/front yard setback from Soda Canyon Road (55 feet) and the stream setback requirement (45 feet) (see Attachment F: Parcel Buildable Area Map). The exception request will allow for the owner to develop a pool with the stream setback, a use which other nearby parcels enjoy.

The project is located on an approximately 0.45-acre parcel within the Agricultural Watershed (AW) zoning district and accessed via a private driveway located off of Soda Canyon Road. The parcel is approximately 450 feet south of the intersection of Shady Oaks Road and Soda Canyon Road; 1229 Soda Canyon Road, Napa, APN: 039-130-005-000.

Staff Recommendation: Adopt the Categorical Exemption and approve the Use Permit Exception to the Conservation Regulations as conditioned.

- C. GENERAL PLAN AND ZONING CODE UPDATE TO ACHIEVE CONSISTENCY WITH THE 2024 UPDATED AIRPORT LAND USE COMPATIBILITY PLAN P25-00195 [25-1241](#)

CEQA Status: Consideration and recommendation that the Board of Supervisors find that this project implements the programs and policies of the Airport Land Use Compatibility Plan (ALUCP), is within the scope of the activities and impacts identified and analyzed in the ALUCP’s Negative Declaration adopted on December 4, 2024 (State Clearinghouse No. 2024060773) and no new environmental effects have been found and no new mitigation is necessary. Therefore, no additional environmental review is required pursuant to Public Resources Code Section 21166 and California Environmental Quality Act (CEQA) Guidelines Section 15162.

Request: That the Planning Commission make the following recommendations to the Board of Supervisors:

- (1) Adopt a resolution amending the Agricultural Preservation and Land Use Element and Community Character Element of the Napa County General Plan to achieve consistency with the ALUCP adopted by the Napa County Airport Land Use Commission (ALUC) on December 4, 2024; and
- (2) Adopt an ordinance amending Chapter 18.80 (AC Airport Compatibility Combination District) of Title 18 (Zoning) of the Napa County Code to achieve consistency with the ALUCP adopted on December 4, 2024, by the ALUC.

Staff Recommendation: That the Planning Commission conduct a public hearing and forward a recommendation to the Board of Supervisors on the requested actions.
