- C. **No Testimony after Close of Hearing.** No testimony shall be accepted after the close of the public hearing, except that Legal Counsel and District staff may be consulted on legal issues or matters of clarification without reopening the public hearing. Objections alleging that counsel or staff are discussing or testifying as to factual matters shall be heard. IX. EVIDENCE

- A. **Admission of Evidence.** Evidence shall be admissible if it is of a type commonly relied upon by reasonable and prudent persons in the conduct of serious affairs. The Chairperson may determine not to receive cumulative, repetitious, immaterial, irrelevant, derogatory, or abusive testimony or other evidence, subject to the limitations in Government Code section 54954.3 (c). Evidence may be received subject to a later ruling regarding its admissibility. Erroneous admission of evidence shall not invalidate any action taken unless it is shown to have prejudiced the substantial rights of a party.
- B. **Exhibits.** All exhibits shall be marked upon submission to provide identification in the event the matter is litigated. All exhibits shall be retained by the Secretary until the expiration of the applicable statute of limitations, at which time they will

be returned to the applicant. Unclaimed exhibits will be disposed of by the Secretary if not reclaimed by the applicant within ten days after the expiration of the applicable statute of limitations.

C. Consideration of Documentary Evidence.

- 1. **Writings filed with the Secretary.** Letters, petitions or other documentary evidence (hereafter “writings”) filed with the Secretary shall be presented to the Board on or before the time of the public hearing. The Board shall consider such material in deciding any issue before it. All documentary evidence shall become part of the Board’s file on the agenda item.
- 2. **Distribution to the Public.** Writings distributed to the Board prior to commencement of a public meeting shall be made available for public inspection upon request prior to commencement of the meeting and shall be made available immediately at the commencement of and during their discussion at the meeting; except that this requirement shall not apply to writings distributed to the Board solely for use in connection with a closed session permitted by the Brown Act.

XI. EFFECT OF FAILURE TO COMPLY WITH BYLAWS

Failure to comply with any of these Bylaws shall invalidate an action only if it prejudices the substantial rights of the person alleging the error or if invalidation is required by statute. Persons alleging procedural error shall have the burden of proof as to whether the error occurred and whether the error has prejudiced the person’s substantial rights.

XII. RECORDATION OF BOARD ACTIONS

All official actions or decisions by the Board shall be entered in the minute book of the Board. The vote or votes of each director on every question shall be recorded.

XIII. VOTING AND QUORUM

- A. **Roll Call Vote.** A roll call vote may be required in voting upon any motion of the Board at the discretion of the Chairperson.

- B. Inaudible Votes.** Any director present who does not vote in an audible voice shall be recorded as voting “aye.”
- C. Quorum.** A quorum for the transaction of business shall exist only as long as a majority (6) of the eleven directors and a majority (9) of the seventeen total votes are present.
- D. Number of Votes Required for Action.** No action or recommendation of the Board shall be valid and binding unless at least nine (9) affirmative votes concur therein, except that matters relating to adoption or modification of the budget shall require at least 14 affirmative votes.
- E. Continuance Where Insufficient Votes Present.** In any case where, due to the absence of one or more directors, the number of affirmative votes required by 13 (D) cannot be obtained on a question before the Board, the Secretary of the Board shall automatically cause the matter to be placed on the next agenda for further consideration and vote. No motion shall be required to take such action.
- F. Voting Affected by Conflict of Interest.** As a general rule, no director shall participate as a director in any discussion or voting if to do so would constitute a conflict of interest. However, if a quorum cannot be achieved or the required number of affirmative votes for action obtained because conflicts of interest exists that prevents directors with conflicts from discussing or voting on the matter, and the conflicts are such that the directors with conflicts will be unable to vote at a later date even if the matter is continued, the matter shall not be continued and the following rules shall apply.
- 1. Appeals.** If the matter involves an appeal, action shall be deemed taken by the Board to ensure that the circumstances as they existed prior to the decision of the approving officer or body will not be changed. Normally, if the decision being appealed was an approval, the appeal shall be deemed granted and the decision being appealed overturned; and if the decision being appealed was a denial, the appeal shall be deemed denied and the decision being appealed ratified. In unusual circumstances, where these actions would not preserve the *status quo*, the decision on the appeal shall be whatever action is necessary to maintain the *status quo*.
 - 2. Rule of Necessity (Appeal not Involved).** If the action does not involve an appeal, a sufficient number of the directors having conflicts of interest, selected by lot, shall be allowed to participate to provide enough votes for the Board to form a quorum and take affirmative action.
- G. Disclosure of Prior Information.** Any director who has received evidentiary information outside of a Board meeting or has viewed the property or site of a matter pending before the Board or is familiar with the property or site should publicly disclose the fact of such information, viewing, or familiarity with the site prior to the Board’s final vote on the matter.

XIV. MOTION TO RECONSIDER

A. At the Same Meeting.

- 1. Noticed Matters.** A final vote on any matter which required specific statutory notice in addition to the notice required by the Brown Act may be reconsidered during the meeting at which the vote was taken, provided all persons who were present when the matter was discussed, whether or not they spoke, are still present, and provided further that the motion to reconsider is made by a director who voted with the prevailing side.
- 2. All Other Matters.** In all other cases, the Board may reconsider a matter during the meeting at which the vote was taken, provided all directors who were present when the matter was discussed and voted upon are still present and provided further that the motion to reconsider is made by a director who voted with the prevailing side.
- 3. Precedence of Motion.** A motion for reconsideration made at the same meeting shall have precedence over every motion except a motion to adjourn.

B. At a Later Meeting. A final vote on any matter may be placed on the agenda for reconsideration by the Board upon motion of any director at any time or, up to ten calendar days after the action of the Board, upon a petition for reconsideration filed with the Secretary by any interested person. In either case, any director may make the motion to reconsider.

C. Time of Reconsideration. If the Board approves the motion for reconsideration, the Board may, in its discretion, reconsider the matter immediately or at a later date; except, if the matter required notice under any statute other than the Brown Act, notice shall be given and the matter shall be reconsidered on the date set forth in the notice.

XV. BUDGET

Notwithstanding the foregoing, the Board shall commence the public hearing on the District's budgets on or before September 18 of each year and conclude such hearing

After conclusion of the hearing, the Board shall by resolution adopt the proposed budget after any revisions of, deductions from, or increases or additions to the budget have been made. The Board shall adopt such resolution no later than October 2 of that fiscal year. In years in which the state budget is enacted after July 1, the Board may adopt the District budget by resolution no later than October 2 of that year or a period not to exceed 60 days from the date of the enactment of the state budget, whichever is later.

The Purchasing Agent shall furnish the governing board (“Board”) of the District and the officers and employees thereof with such reports and information as the Board may from time to time require and shall establish methods, procedures, and regulations necessary for the proper functioning of the Purchasing Agent. The Purchasing Agent shall be the District Executive Officer or their designee except where this Attachment specifically authorizes the District Engineer and/or the District Manager or their designees to serve as Purchasing Agent.

2. **Deputies.** The Purchasing Agent may appoint such deputies to perform in their stead, as they deem necessary, except that no such deputy shall be appointed or employed without the approval of the Board unless such deputy is already an officer, deputy of an officer, or an employee of the District.

3. **Specific Duties.** The Purchasing Agent may, within the constraints of the approved District budget:

(a) Purchase for the District and the officers, employees, and, where they deem appropriate, contractors of the District when engaged in District business, all materials, supplies, furnishings, equipment, livestock, and other personal property of whatever kind and nature. Except in cases of emergency as hereinafter provided or in cases where the Board or this Policy has made other specific provision, no purchase of personal property by any person or entity other than the Purchasing Agent or the Board shall be binding upon the District or constitute a lawful charge against District funds. Unless otherwise provided by law or these Bylaws, the Purchasing Agent may make such purchases of personal property without notice, advertising, or the securing of competitive bids or quotations, but if any individual item (as distinct from the total contract) costing more than \$5,000 is purchased without securing competitive bids or quotations or if any item costing more than \$500 is purchased from other than the lowest responsible bidder when competitive bids or quotations have been solicited, then the Purchasing Agent shall report such action to the Board with their reasons therefore.

(b) Rent furnishings, equipment, or livestock for the District.

(c) Sell any personal property belonging to the District and found by the Board not to be required for public use. Notice of sale of surplus personal property shall be posted for not less than five (5) business days preceding the day of sale in the Napa County Courthouse, the office of the Purchasing Agent, or such other public place within the jurisdiction of the District as the Purchasing Agent may deem advisable. In the disposition of surplus personal property, the Purchasing Agent may purchase advertising space and advertise the proposed sale or other disposition of the personal property in such newspapers, magazines, periodicals, or other media

(including electronic media) as the Purchasing Agent judges will best publicize the proposed sale or other disposition to those persons most likely to bid for or purchase the personal property. Subject to any limitation imposed by the Board, the Purchasing Agent shall decide upon the amount, nature, makeup, and content of the advertising. When purchasing property the Purchasing Agent may, without regard to the foregoing procedures, accept advantageous trade-in allowances for District personal property which is not further required for public use.

(d) Engage independent contractors to perform services for the District (other than the services described in (E) or (F)), with or without the furnishing of material, when the term of services does not exceed three years in length and when the aggregate cost per District fiscal year (July 1 through June 30) does not exceed Sixty-Nine Thousand Nine Hundred Dollars (\$69,900), except that this amount shall be adjusted annually by any increase in the California Consumer Price Index. Service contracts shall be consolidated whenever feasible to avoid incremental contracting and contracts shall not be split, in dollar amount or duration, to avoid Purchasing Agent review, Board of Directors' review, or to bypass bidding requirements.

(e) Engage state-licensed independent contractors to construct, repair, or furnish any building or structure enumerated in Section 20121 of the Public Contract Code of the State of California, when the estimated cost thereof, including the cost of materials, furnishings, and supplies, does not exceed Six Thousand Five Hundred Dollars (\$6,500), except as otherwise provided by law.

(f) Execute agreements with landowners to share the cost of streambank repair completed by or at the request of such landowners, where the cost to the District for each such repair is Thirty Thousand Dollars \$30,000 or less. The District Engineer or District Manager may act as Purchasing Agent for the execution of such agreements.

(g) Accept, on behalf of the District, any gift or donation of personal property. Any such gift or donation of personal property that exceeds \$10,000 in value shall be reported by the Purchasing Agent to the Board no later than the next regular meeting of the Board. The Purchasing Agent is not authorized to accept any gift or donation of real property or an interest in real property, but shall immediately transmit any offer thereof to the Board no later than the next regular meeting of the Board for consideration of acceptance by the Board.

(h) Perform such other services as the Board may from time to time require by resolution or ordinance.

4. **Emergency Purchases.** Emergency purchases of materials or supplies may be made by any District officer or employee authorized by the Purchasing Agent to sign requisitions whenever the Purchasing Agent or their deputies are not immediately available and the items or services so purchased are immediately necessary for the operation of the District function involved or are immediately necessary for the preservation of life or property. Such emergency purchases shall be subsequently approved and confirmed by the Purchasing Agent or, if the Purchasing Agent refuses such confirmation, may be approved and confirmed by a 4/5 vote of the Board. Unless such emergency purchases are so approved and confirmed by either the

Purchasing Agent or the Board, the cost thereof shall not constitute a legal charge against the District.

5. **Revolving Funds.** With the concurrence of the District Auditor, the Purchasing Agent may establish from the unappropriated funds of the District one or more revolving funds in such amounts as the Board may from time to time by resolution establish. The Purchasing Agent may purchase supplies and materials in quantity for the District as needed, and shall make payments therefore out of such revolving fund. As such supplies and materials are issued to the utilizing officer, employee, or contractor, the fund shall be reimbursed from the budgeted funds of the requisitioning officer or employee. The Auditor shall certify the availability of funds in the appropriate budget account before the purchase orders are processed.

6. **Purchasing Procedure.** All requests for purchases, rentals, and contracts shall be made only upon properly written requisitions, the forms of which shall be supplied by the Purchasing Agent to the officers, employees, and contractors of the District. Each District officer is hereby authorized to withdraw requisitions for purchases to be used in connection with the duties of such officer in accordance with current budget accounts. Each such officer may delegate this authority to one or more of the officer's deputies, assistants, or employees by filing a written authorization therefore with the Purchasing Agent and the District Auditor.

7. **Inspection of Procedural Regulations.** A copy of the Policy and of any purchasing regulations developed by the Purchasing Agent under this Policy shall be made available in the office of the Purchasing Agent and open to the public for inspection during regular business hours.

8. **Emergency Contracts to Abate Flood Damage under EWP Cost-Share Grants.** Notwithstanding anything to the contrary in this Attachment "A" or in any other District Bylaw, the District Engineer and District Manager are hereby designated and authorized, pursuant to subsections (4) and (5) of Section 5 and subsections (b) and (c) of Section 9 of the Napa County Flood Control and Water Conservation District Act, to enter into the following types of contracts, acting as Purchasing Agent for the District during a declared flood emergency, to enable the District to act as local sponsor under the U.S.D.A.'s Emergency Watershed Protection (EWP) federally-funded cost-share grant program to abate or mitigate threats to property or the safety of persons, where the local share will be fully funded from sources other than the District:

(a) The value limits required for property to be sold at a private sale as set forth in California Government Code section 25363 shall be modified to not exceed \$25,000 for the value of the property and shall not exceed \$1,500 for the monthly rental value; and

(b) Auction sale or lease of unneeded property pursuant to California Government Code section 25363 shall be made by a majority vote of members of the Board rather than by a four-fifths vote of the members of the Board; and

(c) Conveyance or exchange of property pursuant to California Government Code section 25365 shall be made by a majority vote of members of the Board rather than by a four-fifths vote of the members of the Board; and

(e) In the case of properties to be sold by the sealed bid procedure set forth in Government Code section 25525, the resolution declaring the Board's intention to sell or lease real property shall be made by a majority vote of members of the Board rather than by a two-thirds vote of the members of the Board.
