# Upper Valley Waste Management Agency

Q1 Report January 1 – March 31, 2025

## Customer Report

### Number of Customers by Type

The Company used RMO, industry software, for the management of customer account information, routing, and billing. Customers are presently coded as single family residential (1-4 units), commercial businesses or temporary (short term subscriptions for clean-up helpers and debris boxes).

Table 1 shows the average number of customers by type. Mobile home customers who have individual service but do not pay their own bills have been added to the reporting data to help UVWMA meet the requirements for monitoring, outreach, education, and contamination at the generator level for SB 1383. Only 21 of the temporary accounts are owned by our normal commercial customers; the rest of temporary accounts are owned by C&D companies, landscapers, contractors, or those doing a personal construction projects.

TABLE 1: Q1 2025 MONTHLY AVERAGE CUSTOMER COUNTS

Customer Type	Calistoga	St. Helena	Yountville	Napa County	Total
Residential	1700	1981	919	2506	<b>7106</b>
Mobile Home Residents	527	216	237	156	<b>1136</b>
Commercial	173	269	61	372	<b>875</b>
Temporary	14	12	6	48	<b>80</b>
<b>Total</b>	<b>2414</b>	<b>2,478</b>	<b>1,223</b>	<b>3,082</b>	<b>9,197</b>

Above is a total of commercial accounts, which is important to distinguish between commercial customers. Many commercial customers have multiple accounts with us at the same address (for example, a customer may have a permanent roll-off account in addition to their normal collection account).

### Services by Customer Type and Program

#### Residential Cart Counts and Weekly Service Levels

All residential customers are offered three cart services as part of a “bundled rate.” Included is a gray garbage (landfill) cart, a blue single stream (recycling) cart and a green organics (compost) cart. The quarterly fee is based on the size of the garbage cart. Garbage cart sizes offered are 32, 64, and 96 gallons. Recycling and organics are only offered in the 96-gallon size. Customers may choose to pay additional monthly fees for extra recycling and organics carts. Table 2 details the cart count in each service area by size and total gallons. Because Residential customers include 1-4 units, the cart counts will not match the customer counts.

## Commercial Container Counts, Collection Frequency, Weekly Service Levels

Commercial businesses, including multifamily dwellings with 5 or more units, are offered a variety of container types, sizes, and collection frequency. Collection frequency is the number of days per week the customer has service. Customers who subscribe to cart service for garbage (gray) cart are provided one single stream recycling (blue) cart and one organic (green) cart at no additional charge. Commercial customers who subscribe to bin service for garbage service are provided three single stream recycling (blue) carts and one organic (green) cart at no additional charge. Customers may choose to pay additional monthly fees for extra recycling and organics carts. Food scrap carts are offered at no additional charge for those customers with commercial kitchens or large volumes of food waste. Tables 3 and 4 reflect commercial cart and bin service by size and service area. Tables 5 and 6 detail permanent and temporary roll-off/compactor service by size, number of empties and total average weekly volume.

## Customer Service Report

All customer service representatives (CSRs) and dispatchers use special codes in RMO, the customer management software, to document the types of calls received from customers. We are continually working on training and process improvements for documentation. Drivers use on board computer tablets to document services completed or skipped using reason codes. They can also enter service notes and pictures of service issues for CSRs to use for customer education and/or informational purposes.

## Customer Call Data

Most Q1 calls were service, or general related. Service calls include starts, stops, service changes, resumes from being stopped for non-payment, bulky items, debris box orders, and cart exchanges. General calls were to ask about various services, recycling, and organics questions, update their billing/service information, questions about rates, proper ways to dispose of specific items, landfill inquiries (currently being entered as county residential calls in the General Inquiry column), etc. Billing calls include billing questions, My Account Portal help, collections calls and payment arrangements. Calls in general have decreased as more customers are utilizing other options for contacting us and well as an increased effort in early collection. We have significantly increased our call blasts and emails as well as personal outgoing calls made to collect debt before it becomes past due. Service calls have decreased as more of these requests can be made through email, Ace, online portals, and with our outreach coordinators visiting sites. We expect to see more of this in the coming quarters with the addition of the Waste Connections app. Not every call will warrant a note code or work order but in general the customer service and dispatch departments have continued to make increased efforts to document even minor customer interactions.

In addition to calls CSR's responded to roughly 530 emails, ACE, and website communications.

## Residential and Commercial Service Requests

New customers are coded as New Service Starts. Customer accounts are closed due to service cancelation by the customer, or by the Company due to non-payment (SSNP). Customers who cancel service and restart their accounts at the same service address with the same service name are considered a “New Service Start.”

## Summary of Complaints and Misses

The Company tracks complaint calls and resolutions in RMO using note codes. Issues that cannot be resolved with the customer on the phone are sent to the appropriate manager to resolve the issue. Property damage and complaints about service are always reviewed by the manager. All codes are date and time stamped (Table 11).

TABLE 11: COMPLAINT CODES

<b>COMPM</b>	Complaint: Multiple Misses	Reported misses > 1 per month.
<b>COMPN</b>	Complaint: Excessive Noise	Start times outside permitted/contracted hours
<b>COMPS</b>	Complaint: Service	This may include discourteous behavior as well as any service-related complaint other than noise, property damage or multiple misses.
<b>PROPD</b>	Complaint: Property Damage	Damage to personal property during service.
<b>COMPR</b>	Compliant resolution	How the problem was resolved.

TABLE 12: COMPLAINT DATA BY AREA

## Customer Billing Data

In RMO, customers can receive paper statements or electronic statements. We have seen a steady decrease in customers who receive paper statements and an increase in customers who receive electronic statements as well as an increase in accounts signed up for MyAccount Portal. Table 14 shows the details for Residential billing data and table 15 shows the details for Commercial billing data. This information was presented as combined residential and commercial billing data in the Q1 2024 quarter shown in table 16. We have since been able to separate this information into separate Residential and Commercial tables in the following quarters.

TABLE 14: Q1 2025 QUARTERLY RESIDENTIAL BILLING DATA

Residential Customer Data	Q1 2024 Totals	Q1 2025 Totals
# Customers who receive only paper statements	*	3,168
# Customers who receive only electronic Statements	*	2,772
# Customers who have signed up for autopay through MyAccount Portal	*	2,905

TABLE 14: Q1 2025 QUARTERLY COMMERCIAL BILLING DATA

Commercial Customer Data	Q1 2024 Totals	Q1 2025 Totals
# Customers who receive only paper statements	*	582
# Customers who receive only electronic Statements	*	396
# Customers who have signed up for autopay through MyAccount Portal	*	349

TABLE 16: Q1 2024 QUARTERLY COMMERCIAL BILLING DATA

# Customers who receive only paper statements	4,857	5,146
# Customers who receive only electronic Statements	1,406	1,913
#Customers who receive both paper and e-statements in Softpak	382	*
# Customers who have signed up for autopay through MyAccount Portal	*	1,956

## New & Existing Programs Report

### Commercial E-waste Collection

Starting on July 1<sup>st</sup> 2024, we began a new program for commercial e-waste pick up. Under this new program, all commercial customers can call in up to five e-waste items, twice a year. There is no additional cost to customers for these items. The number of participants remains low with a small but steady raise in items each quarter. We expect to see a rise in interest in future quarters. More can be seen on participation under the Participation by service program and customer type section.

### Residential Bulky item program now include battery pick up

Starting on July 1<sup>st</sup> 2024, batteries can now be included in the residential bulky item pick up program. All residential customers can request a battery container and have it picked up as part of our existing bulky item pickup program. Participation can be seen on the Bulky item/Reusable material collection program chart under the Participation by service program and customer type section.

### Waste Connect App

We are excited to announce the launch of our Waste Connections app, designed to enhance customer experience, and promote sustainability. This app offers several key features:

- Collection reminders: Ensure you never miss a collection day with service day notifications.
- Receive service alerts: Stay updated on any changes or updates to your waste collection services.
- Wizard: Search how to properly dispose of materials and access information on responsible disposal methods for various materials.
- Suggest new items for disposal: If you can't find an item, you can suggest it, and we'll add it to our disposal stream.
- Stay in communication with us: Our app allows us to maintain open communication with our customers, ensuring your needs and suggestions are heard.
- Pay my bill feature will take customers directly to the payment page link in My Account Portal of our website.

The following matrix represents customer engagement with the app to date, showing the largest number in the scheduled views, meaning the total number of calendar or schedule views by all visitors.

	<b>141</b> New Addresses 	<input type="checkbox"/>
	<b>3,391</b> Schedule views 	<input type="checkbox"/>
	<b>1</b> Printed calendars	<input type="checkbox"/>
	<b>1,552</b> First-time visitors 	<input type="checkbox"/>

#### New Addresses

This is the total number of users with unique addresses that searched for their collection calendars.

#### Schedule views

This is the total number of calendar/schedule views by all visitors.

#### Printed calendars

This is the total number of printable PDF calendar views.

#### First-time visitors

This is the total amount of unique visitors to the calendar web app tab.

This app is a valuable addition to our services, helping customers manage waste more efficiently. We are actively promoting the app by making links available on our website, welcome letters that are emailed to all new customers, and customer service employee email signatures. We anticipate an increase in the number of New Addresses in the next quarter with this added effort.

### Participation by Service Program & Customer Type

Overall, participation in all our garbage, single stream recycling, and organics programs has increased for both commercial and residential customers (Table 16).

TABLE 16: Q1 2025 COMMERCIAL &amp; RESIDENTIAL PROGRAM PARTICIPATION

<b>Q1 2025 Residential Collection Program Participation</b>	<b>Q1 2024</b>	<b>Q1 2025</b>
Garbage Only	0.75%	<b>0.08%</b>
Garbage + Recycling	6.71%	<b>6.19%</b>
Garbage + Organics	0.77%	<b>0.78%</b>
Garbage + Organics + Recycling	91.77%	<b>92.95%</b>
	100.00%	<b>100.00%</b>
<b>Q1 2025 Commercial Collection Program Participation</b>		
Garbage Only	3.28%	<b>2.48%</b>
Garbage + Recycling	34.00%	<b>26.89%</b>
Garbage + Organics	0.68%	<b>0.62%</b>
Garbage + Organics + Recycling	61.95%	<b>70.01%</b>
	100%	<b>100%</b>

Two programs are offered for residential customers at no additional charge; bulky item collection and used motor oil & filters collection. Mobile home residents are broken out separately from single family residences in Table. Because of service area demographics, oil and filter curbside recycling (Table 17) has been historically low and is utilized by a small but reoccurring number of customers. \* Batteries have now been added to the bulky item collection program and are now reflected in the charts below.

TABLE 17: Q1 2025 BULKY ITEM/REUSABLE MATERIAL COLLECTION PROGRAM

## Member Report

### Member Facility Services

Member agencies are offered a variety of container types, sizes, and collection frequency at the contracted facilities. Tables 19-22 show each member facility, the services subscribed to, container sizes/frequency of collection and weekly yardage by service area. Diversion (recycling) rates for each facility are weekly percentages based on all services.

### Calistoga

## Outreach & Education Report

In collaboration with UVWMA, the Company provides education and outreach to the community that helps reach our mutual diversion goals on the path to zero waste. The Company is committed to engaging and educating the communities we serve to empower them to be part of the solution. Outreach is the most important aspect in reaching these goals. The operations team, customer service, and Community Outreach Coordinators all work together to help all customers have the “right size” service that fits their needs and results in keeping resources out of the landfill and into the right containers. UVDS offers a diverse communications strategy to engage customers to embrace a culture of resource conservation.

The attachments below highlights the various types of outreach provided to the community. To reach the most customers, the Company uses a combination of communication strategies including tabling at community events, giving tours, presentations at sustainability events, and more, social media and direct mailers through bill inserts to customers regularly. Customer questions and driver feedback help guide the messaging content.

### Upper Valley Disposal & Recycling

Spring 2025  
RESIDENTIAL NEWSLETTER  
707-963-7988  
WWW.UVDS.COM

## Happy Day!

#### KEEP IT LOOSE

Place all recyclable items **LOOSE** in your blue recycling cart. Bagged recyclables are landfilled. Plastic bags and other stretchy plastics are not recyclable and should be placed in your garbage cart. If you use bags to collect recyclables, please make sure to dump the items out of the bag into the cart. Shredded paper in a clear bag is the only exception.

#### Spring Clean with Ease!

Take advantage of our **BULKY ITEM COLLECTION**, and enjoy a clutter-free home this Spring! Must be scheduled in advance. Available twice a year.

- 2 bulky items
- 2 appliances
- 5 e-waste items
- Household batteries – must be in UVDS provided container, call to request a container.

call our office to schedule a pickup!

#### WASTECONNECT

We're excited to announce our new app! **WASTECONNECT** Available now on the App Store and Google Play. With it, you can:

- View services
- Set pickup reminders

  - Located at Upper Valley Disposal & Recycling
  - Enter through Pestoni Family Winery (1673 St Helena Hwy)
  - Paper shredding (5 banker box max) will be available at this event
  - Free compost at this event! Limit one cubic yard per resident, please bring your own container.

### Upper Valley Disposal & Recycling

Spring 2025  
COMMERCIAL NEWSLETTER  
707-963-7988  
WWW.UVDS.COM

## Happy Day!

#### Does your business generate large amounts of materials?

Call in today to receive a source-separated bin. Our bins are designed to make recycling and waste management a breeze, ensuring that each material is disposed of correctly and efficiently.

Cardboard only	Glass only	Greenwaste only	Metal only	Woodwaste only

Call our office at 707-963-7988 for pricing and availability.

#### NO ORGANICS IN THE GARBAGE!

To avoid contamination fees, ensure no organic waste is in your garbage bins. Organic waste is defined as: food scraps, food soiled paper and cardboard, green waste and yard trimmings and non-hazardous non-treated wood waste. Properly dispose of food scraps, food soiled paper and all other organic material in your compost bin. Clean cardboard can be placed in your recycling bin.

If you do not have a compost or recycling bin at your business or you find you are running out of space before its emptied, contact our outreach team for assistance at [erobledo@wcnx.org](mailto:erobledo@wcnx.org) or 707-963-7988

#### KEEP IT LOOSE

Place all recyclable items **LOOSE** in your blue recycling cart. Bagged recyclables are landfilled. Plastic bags and other stretchy plastics are not recyclable and should be placed in your garbage cart. If you use bags to collect recyclables, please make sure to dump the items out of the bag into the cart. Shredded paper in a clear bag is the only exception.

#### WASTECONNECT

We're excited to announce our new app! **WASTECONNECT** Available now on the App Store and Google Play. With it, you can:

- View services
- Set pickup reminders
- Check upcoming holidays
- Send email requests
- Get sorting questions answered

#### Oops! You've Been Tagged!

Have you noticed tags left on your garbage, compost, or recycling carts? This is likely due to contamination. Contamination can come in many forms, including food scraps in the garbage, soft stretchy plastic in the recycling, and pet waste in compost. Cart tags will have corrections clearly marked.

For more information visit our website [uvds.com](http://uvds.com). Navigate to the "Resources" tab to learn where materials should be properly placed. Thank you for helping us keep our community clean and green!

#### UPCOMING EVENTS

- **Hazardous Waste Drop-off Event for Businesses**
  - Friday, April 25th, 1:00pm - 4:00pm
  - Located at Upper Valley Disposal & Recycling
  - Appointments are required. Call 707-963-7988 to schedule. Requests for appointments will be accepted until 5pm on April 23!
- **Agricultural Container Recycling Drop-off**
  - May 8th, 8:00am-3:00pm
  - Located at the Napa County Calistoga Yard (4410 N Silverado Trail)
  - For more information visit [countynapacal.org/AgCom](http://countynapacal.org/AgCom)

JANUARY 2025

### IS YOUR BUSINESS COMPLYING WITH CALIFORNIA'S WASTE REDUCTION REGULATIONS?

Effective January 1, 2022, **EVERYONE** is required to keep their organic materials out of the garbage. SB 1383 applies to all persons and entities that generate organic materials. **ALL BUSINESSES AND MULTIFAMILY DWELLINGS must subscribe to compost and recycling collection service or self haul organic material to a compost facility regardless of service levels.**

**ORGANIC MATERIALS** like food scraps, yard trimmings and food soiled paper are required to be collected and kept separate from recycling and garbage. When organic materials are discarded in landfills, they emit methane gas, a climate super pollutant that causes climate change. To respond to this climate crisis, California is implementing this statewide organic materials diversion law.

**SB 1383 REQUIRES THE TOWN OF YOUNTVILLE TO IMPOSE PENALTIES FOR NON-COMPLIANCE.** If your business or multifamily dwelling is without compost or recycling collection service, contact Upper Valley Disposal & Recycling to set up service to ensure compliance with state law and Town of Yountville Ordinance Number 21-503.

SEE ENCLOSED BROCHURE for a description of available business recycling services. For more info call Upper Valley Disposal & Recycling at (707) 963-7988, or visit [www.uvds.com](http://www.uvds.com).

**ASSISTANCE IS AVAILABLE!** Upper Valley Waste Management Agency and Upper Valley Disposal & Recycling staff can conduct a **free site visit, staff training(s) and provide interior collection containers for composting and recycling** to help businesses comply with the state's requirements. Call (707) 259-8330 or email [upvalleyrecycles@countyofnapa.org](mailto:upvalleyrecycles@countyofnapa.org) to schedule.

- March 26<sup>th</sup> 2025: Joseph Phelps Waste Trainings
- March 27<sup>th</sup> 2025: Estate Yountville Site Visit

## State Recycling Laws

There are several laws that mandate recycling for commercial customers. The three most relevant laws are summarized below.

1. AB 341 (Chesbro) Mandatory Commercial Recycling Collection, enacted in 2012, requires commercial businesses that generate four or more cubic yards of garbage per week and multifamily dwellings with 5 or more units to recycle. Generators are not mandated to subscribe to a service; they may self-haul or donate recyclable materials. This law mandates education, outreach, monitoring and reporting of compliance with the law; however, there are no penalties for non-compliance.
3. AB 1826 (Chesbro) Mandatory Organic Recycling Collection, enacted in 2016, requires commercial businesses and multifamily dwellings with 5 or more units to recycle organic waste (yard waste, non-treated wood waste, food waste and food soiled papers). Generators are not mandated to subscribe to a service; they may self-haul materials to an organics processing facility or compost limited amounts of materials on site. In 2020, the requirement dropped to 2 cubic yards combined solid waste from 4 cubic yards. This law mandates education, outreach, monitoring and reporting of compliance with the law; however, there are no penalties for non-compliance.
4. SB 1383 (Lara) Short Lived Climate Pollutants: Organics Waste Methane Emissions Reductions was signed into law in 2016 and went into effect January 1, 2022. This law sets two targets for the State:
  - 1) To reduce organic waste disposal 50% by 2020 and 75% by 2025
  - 2) To rescue at least 20% of currently disposed surplus food for people to eat.This law mandates education, outreach, monitoring and reporting of compliance with the law. However, unlike the previous two laws, this law includes enforcement and penalties for jurisdictions, processors/facilities, and generators and includes residential customers.
