Community Participation

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

Throughout my 25+ year career in the military, government, and now the private sector, I have honed leadership skills and expertise impacting business and organization outcomes that I now want to use to benefit this community. My skills and qualifications are well suited to bring immediate value to the Napa County Veteran's Commission. Throughout my career, I have honed a methodical approach to problem solving, but teamwork has always been at the core of how I operate. I value productive collaboration as key to solving tough challenges - whether in the military, the private sector, or in our community. It would be my intention to continue utilizing this proven approach if I were selected to serve on this board. Previously, as a single father raising two sons during a demanding career, I was not able to be deeply engaged in my community. Napa's sense of community was a significant factor in our decision to move here almost two years ago and I am eager to become involved in a meaningful way in this unique community. Being a veteran myself, I have a personal vested interest in serving the veterans of this community ensuring that their needs are met in a timely and efficient manner while also ensuring that their service to our country is celebrated and never forgotten. I believe I have valuable skills to offer towards this very worthy endeavor and that my leadership and management abilities can support and drive the Napa County Veteran's Commission continued success. Please review the attached resume for more background on my career history and professional competencies. I appreciate your consideration of my application. It would be an immense honor to be selected and appointed as Commissioner on the Napa Valley Veteran's Commission.
