# HHSA BEHAVIORAL HEALTH TREATMENT CENTER BACKGROUND

- Proposal: In 2024, HHSA Proposed Repurposing the “Reentry Facility” to a “BH Treatment Center”
- Opportunity:
  - Makes Strategic Use of a **Unique** and **Existing** Facility in our County
  - **Creates Behavioral Health Infrastructure** to Sustain/Expand Treatment
- Challenge: Legally Restricted as a “Reentry Facility” Due to SB 1022 Bond & Legal Complexities
- Actions (Last 10 Months):
  - Architectural Feasibility/Design Completed; Relatively Minimal Modifications Needed
  - Significant Due Diligence – Explored Legal/Funding Alternatives to Remove Restrictions
  - SB 1022 Bond Defeasance → Paves the Way for “Behavioral Health Treatment Center” Project
- Today: **Requested Board Approvals: Budget Amendments & CIP for Facility Modifications**
