

## EXHIBIT A

### FLOOD PROTECTION LEVEE EASEMENT

A perpetual and assignable right and easement in favor of the Napa County Flood Control and Water Conservation District ("DISTRICT") in the land shown and described and depicted in the attachments hereto and made a part hereof to construct, maintain, repair, operate, patrol, and replace flood protection improvements, including all appurtenances thereto; subject, however, to existing easements for public roads and highways, public utilities, railroads, and pipelines.

FEE OWNER retains the right to use said easement area for purposes which will not interfere with the DISTRICT's full enjoyment of the rights hereby granted; provided that FEE OWNER shall not erect or construct any building or other structure, or drill or operate any well, or plant any trees, landscaping, vegetation, or other obstruction within said easement area, or construct any fences.

The rights and obligations contained in this Flood Protection Levee Easement run with and burden the land, and are binding on the FEE OWNER and its successors and assigns.

## EXHIBIT B TEMPORARY CONSTRUCTION EASEMENT

A Temporary Construction Easement, over, across, under, and through the real property situated in the County of Napa, State of California, described and depicted in the attachments hereto and made a part hereof ("EASEMENT AREA"), for construction and conformance purposes related to the Napa River / Napa Creek Flood Protection Project ("PROJECT").

The easement shall include, without limitation, the right of the Napa County Flood Control and Water Conservation District ("DISTRICT"), its officers, agents, contractors, and employees, and other governmental agencies responsible for review or construction of any portion of the PROJECT and such agencies' officers, agents, contractors, and employees, to enter upon the EASEMENT AREA with personnel, vehicles, and equipment for construction of the PROJECT, and all other activities related thereto, to remove all improvements, trees, and vegetation thereon that interfere with the purpose for which this easement is granted, to conform the EASEMENT AREA to the PROJECT, and do any and all other actions necessary and appropriate to the construction of the PROJECT. Access and use of portions of the EASEMENT AREA by FEE OWNER, its tenants, invitees, and guests will be allowed to the extent that said portion is not being used for PROJECT construction or staging purposes at that time.

If improvements in the EASEMENT AREA are removed pursuant to this Temporary Construction Easement, such improvements will be restored to their original condition or as close thereto as is feasible, on or before the termination of the Temporary Construction Easement period. In the event the DISTRICT determines that restoration of said improvements within the Temporary Construction Easement area is not feasible or practicable, FEE OWNER will be compensated for the improvements at a market value determined by the DISTRICT.

This Temporary Construction Easement is for a total period of Twelve (12) months, to commence on the START DATE stated in the notice that DISTRICT delivers to FEE OWNER, fixing the start date of occupation of the EASEMENT AREA and construction of the PROJECT there as identified in the Plans and Specifications for the Floodwalls North of the Bypass Project. The Temporary Construction Easement will terminate twelve (12) months after the START DATE (the "TERM").

In case of unpredictable delays in construction, upon written notification by the DISTRICT to FEE OWNER, the TERM of the Temporary Construction Easement may be unilaterally extended by the DISTRICT for up to an additional twelve (12) months on a monthly basis provided that the DISTRICT provides written notice to FEE OWNER of such extension prior to the expiration of the original TERM or any monthly extension thereof and the DISTRICT shall pay FEE OWNER the monthly rate determined to be just compensation for said extension.

In no event shall this Temporary Construction Easement TERM extend beyond the completion of construction or December 31, 2028, whichever occurs first. At no additional cost to DISTRICT, during the Temporary Construction Easement TERM, the DISTRICT shall have the right to enter

Exhibit B

upon FEE OWNER's retained property, where necessary, to reconstruct or perform any warranty or conformance works during or after the expiration of the Temporary Construction Easement and any extension thereto and/or the completion of the PROJECT. Said works include conforming driveways, walkways, lawn, landscaped and hardscaped areas, irrigation systems, sidewalks, or any area where reconstruction or warranty work on FEE OWNER's retained property is necessary. All work performed by the DISTRICT in the EASEMENT AREA shall conform to applicable building, fire, and sanitary laws, ordinances, and regulations relating to such work and shall be done in a good and workmanlike manner.

Within sixty (60) days of the end of the TERM, the DISTRICT will execute, acknowledge, and deliver to FEE OWNER a quitclaim deed to confirm the termination of the Temporary Construction Easement to eliminate the AGREEMENT and this Temporary Construction Easement as encumbrances on the title of the FEE OWNER's real property. The forgoing notwithstanding, a failure by the DISTRICT to deliver a quitclaim deed or a failure by FEE OWNER to record a quitclaim deed as provided herein shall not be deemed to extend the term of the Temporary Construction Easement beyond the TERM set forth herein above.

The rights and obligations contained in this Temporary Construction Easement: (a) run with and burden the land, and are binding on FEE OWNER and its successors and assigns, and (b) during the TERM and extensions thereof, constitute an easement in gross for the benefit of the DISTRICT and its successors and assigns.
