Impact of Partnership | Napa County

THE SITUATION

Current fleet age is negatively impacting the overall budget and fleet operations

- 57% of the current light and medium duty fleet is over 10 years old
- Resale of the aging fleet is significantly reduced
- Newer vehicles have a significantly lower maintenance expense
- Newer vehicles have increased fuel efficiency with new technology implementations
- Challenged by inconsistent yearly budgets
- Currently vehicle budget is underfunded

THE OBJECTIVES

<u>Identify an effective vehicle life cycle that maximizes potential equity at time of resale creating a conservative savings of over \$101,175 in 10 years</u>

- Shorten the current vehicle life cycle from 14 years to 3.5 years
- Provide a lower sustainable fleet cost that is predictable year over year
- Free up more than \$35,500 in capital from the salvage of 7 vehicles in the first year
- Significantly reduce Maintenance to an average monthly cost of \$32.44 vs. current \$217.3
- Reduce the overall fuel spend through more fuel efficient vehicles
- Leverage an open-ended lease to maximize cash flow opportunities and recognize equity.

Increase employee safety with newer vehicles

Currently:

- 1 vehicles predate Anti-Lock Brake standardization (2007)
- 9 vehicles predate Electronic Stability Control standardization (2012)
- 13 vehicles predate standardization of back up camera (2018)
- ESC is the most significant safety invention since the seatbelt

Piggyback The Sourcewell awarded RFP #060618-EFM that addresses the following:

- · Access to all fleet management services as applicable to the needs of the county
- Supports the county's need for fleet evaluation on a quarterly basis assessing costs and reviewing best practices

THE RESULTS

By partnering with Enterprise Fleet Management, Napa County will be better able to leverage its buying power, implement a tighter controlled resale program to lower total cost of ownership and in turn minimize operational spend. Napa County will reduce fuel costs by 20% and reduce maintenance costs from \$217.3 on average to \$32.44 per unit. Leveraging an openend lease maximizes cash flow and recognizes equity from vehicles sold creating an internal replacement fund. Furthermore, Napa County will leverage Enterprise Fleet Management's ability to sell vehicles at an average of 109% above Black Book value. By shifting from reactively replacing inoperable vehicles to proactively planning vehicle purchases, Napa County will be able to replace all of its vehicles over the course of 5 years while creating an annual savings of \$2,971.23

INYO COUNTY SAVES \$83K IMMEDIATELY IN MAINTENANCE COSTS

BACKGROUND

Location: E shop Cs fornia

Industry: Munic callty

Total vehicles: 155 vehicles

URL: https://www.nyccounty.us/

THE CHALLENGE

The County of inyo had a limited capital budget which made it off but to replace motor pool wehicles. The County was coarsing on aged fleet and others had to revealish distances to reach the heartest, cretered maintenance facility. Based on the amena costs and a color of our devolutions, the County stands deking for an alternative to happy with wehicle leasing and maintenance services.

THE SOLUTION

Enterprise Files: Management responded to an RFP and demonstrated an understanding of the County's needs. By partnaring with Enterprise, the County was able at accurrence when close the condition and reliability of its fleat. The navier vehicles immediately reduced the County's maintenance expenses and lowered fuel costs by proving high five efficiency vehicles Enterprise monitors at maintenance costs with the Maintenance Management Program eliminating unnecessary repairs and over-priced services. Accidently, with a wide network of cost shops throughout the County drivers are always in close proximity to maintenance services.

THE RESULTS

The County has experienced significant savings since into emerting the Enterprise Fleet Management program reputing maintenance expenses by \$88,000 and decreasing fuel expenses by 24%, myo County depends on Enterprise from the significant of new vehicles to the resale of older vanides, externining the entire crosses and increasing amployee productivity. "THE ENTERPRISE PROGRAM PROVIDES
SEVERAL SIGNIFICANT BENEFITS TO THE
COUNTY, DUE TO THE SIZE AND SCOPE OF THE
ORBANIZATION, ENTERPRISE IS ABLE TO
NEGOTIATE AND OBTAIN FAVORABLE PRICE
CONCESSIONS FROM AUTOMOBILE
MANUFACTURERS, ENTERPRISE ALSO HELPS
WITH THE COORDINATION OF AFTERMARKET
EQUIPMENT AND DELIVER THE VEHICLES
"TURNKEY" TO THE COUNTY."
