Mr. Robert Edwards	I strongly support the planned restrictions on parking described in your May 31 letter to me.	This will enhance fire safety and reduce what is today substantial liability for the county should fire response be hindered on that road due to your inaction.	X	
Mr. Paul Slawson	Thank you for your letter of May 31. I live at 500 Greenfield RD., just around the corner from the areas of concern to you. I walk in the Park at least once a week. Though it is close to home (where I have lived for 27 years), I drive since my wife is in a wheel chair. So I have seen the parking problem frequently and over many years. Its a weekend problem, just Sat./Sunday.	Picture the scene of a family, picnic in hand having driven an hour to get there only to find no legal parking available....they will squeeze in wherever they can in illegal space. Even if it is a say 20 min walk from new legal space that is OK. Simply to threaten towing is not a very thoughtful management solution. Better, you find additional space than have a constant series of violations. How can you warn in advance that parking is limited?		X
Jean Moore Edwards	I am wholeheartedly in favor of your proposed parking regulations at the end of Conn Valley Rd. Moore Park users have been parking anywhere and everywhere at the end of this narrow road.	This has created a huge safety issue, has destroyed the road pavement, and has impeded our business at 1750 Conn Valley Rd. Please enforce the proposed regulation as soon as possible.	X	
Richard and Lisa Abramson	Moore Creek Park is an amazing public resource for which I am grateful on a daily basis. While I have no objection to the proposed regulations, which seem like a reasonable and proportionate response to a potential problem.	I would ask the responsible agencies to avoid taking any measures that would make it difficult for people to enjoy the park.	X
