### **BACKGROUND AND DISCUSSION**

The annual appropriation limit is calculated in accordance with Article XIII B of the California Constitution and is the amount the District could spend that is funded by certain taxes and State subventions, while the revenues subject to that limit is the amount of revenues from those sources the District anticipates receiving in the fiscal year. The limit may be adjusted to account for such things as emergencies and is adjusted annually based on changes in the cost of living and population. The limit may also be adjusted by a vote of the electors of a particular local government agency. In certain instances when the revenue subject to the appropriation limit exceeds the limit itself, tax revenues are required to be returned to local taxpayers.

On May 19, 2020, residents held a special election to approve a new four-year appropriations limit base amount for the District. Measure T successfully passed and established the District's new appropriation limit of \$430,000 for fiscal years 2020-21 through 2023-24. The new limit is to be adjusted annually to the extent authorized by Article XIII B, Section 1, for fiscal years 2021-22 through 2023-24.

The Auditor-Controller is requesting approval of a resolution establishing the appropriation limit for fiscal year 2021-22, as approved by the voters and adjusted annually, at \$455,622 with revenues subject to the limit of \$365,520.
