EXECUTIVE SUMMARY

Approval of the recommended action will allow the District Attorney to apply for and sign grant subaward documents, including applications, amendments, extensions, and modifications, thereof, for the electronic Suspected Child Abuse Report (SCAR) system program in Napa County. This subaward program is administered by the California Office of Emergency Services to provide State General Funds to improve the

BACKGROUND AND DISCUSSION

The California Office of Emergency Services (Cal OES) released a request for proposal on January 26, 2022 for the electronic Suspected Child Abuse Report (SCAR) system program. In 2005 this program was originally started in LA County after recognizing the grave consequences of not having an electronic system through which Child Welfare Services (CWS), local law enforcement and the District Attorney could efficiently communicate reports of suspected child abuse. Fresno, Santa Barbara and Yolo Counties have more recently received funding from Cal OES via the California Children’s Justice Act (CJA) Task Force to establish their own electronic SCAR system.

Cal OES is currently requesting proposals from District Attorney’s offices in the amount up to \$200,000 for the

one (1) year term of June 1, 2022 to May 31, 2023 to establish an electronic Suspected Child Abuse Report system with the cooperative participation of the County Child Welfare Services department and local law enforcement agencies. The Napa County District Attorney's office has the support of CWS and local law enforcement agencies for the implementation of this system, if this proposal is successful with Cal OES.

Today's recommended action will authorize the Chair to sign the Certificate of Assurance of Compliance (COAOC) document, which authorizes the District Attorney to apply and sign for the grant subaward including extensions, modifications or amendments thereof.
