Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

## **BACKGROUND AND DISCUSSION**

Senior Citizens Month, the prelude to OAM, was established in 1963 to acknowledge the contributions and impact that older Americans, past and current, have had on our country, in particular those who defended our country.

Older adults in Napa County, and throughout the Nation, are an increasing population with evolving needs. They are an essential part of our community and entitled to a dignified, independent life free from fears, myths and misconceptions about aging. The increasing number of "baby boomers" reaching traditional retirement age highlights the need for increased support of older adults.

Napa County calls on its community members and interested groups to observe OAM with appropriate ceremonies, events, fairs, and activities that promote awareness of older Americans. With this proclamation, we shine a light on older Americans that are working longer, trying new things, maintaining their independence, and engaging in their communities.
