### **BACKGROUND AND DISCUSSION**

The annual appropriation limit is calculated in accordance with Article XIII B of the California Constitution and is the amount the District could spend that is funded by certain taxes and State subventions, while the revenues subject to that limit are the amount of revenues from those sources the District anticipates actually receiving in the fiscal year. In certain instances when the revenues subject to the limit exceeds the limit itself, tax revenues are required to be returned to local taxpayers.

The Auditor-Controller is requesting approval of a resolution establishing the appropriation limit for Fiscal Year 2021-22 at \$367,484 with revenues subject to that limit of \$38,535 using the percentage change in the California per capita personal income from the preceding year calculated in the attached memo.
