BACKGROUND AND DISCUSSION

California Penal Code Sections 13835 through 13835.10 mandate that every county in the State of California be provided funding for comprehensive services for victims and witnesses. Funding is designed to help victims and witnesses of all types of crime by maintaining local centers that provide comprehensive assistance, including all legislatively mandated services. The District Attorney's Office began providing victim witness services in Fiscal Year 2010-2011. The Victim Services Division currently operates with funding provided primarily by grant subaward programs administered by the California Office of Emergency Services. Increased funding allocated under the federal Victims of Crime Act (VOCA) allows for expanded services to targeted populations. The County Victim Services (XC) Program provides funding for local identified gaps and needs in victim services.

Victim Witness Programs are required to perform 14 mandatory services: crisis intervention, emergency assistance, resource and referral assistance, direct counseling, victim of crime claims, property return, orientation to the criminal justice system, court escort, presentations and training to local criminal justice agencies, public presentations and publicity, case status and case dispositions, notification to family and friends, employer notification and intervention, and assistance with restitution. The following 10 optional services may be provided if they do not preclude the efficient provision of mandatory services: employer intervention,

creditor intervention, child care, notification to witnesses of any change in the court calendar, funeral arrangements, crime prevention information, witness protection, assistance in obtaining temporary restraining orders, transportation, and provision of a waiting area during court proceedings separate from defendants and families and friends of defendants. The Victim Witness Program staff offers and provides mandated and optional services to an average of 1,500 victims each fiscal year. The County Victim Services Program provides funding for gaps and needs in victim services as identified by a local steering committee in order for the County to better respond to the needs of crime victims.

The County's anticipated funding level for continuation of the County Victim Services Program focused on meeting local gaps and needs in the provision of victim services for the funding cycle of January 1, 2022 through December 31, 2022 is \$163,261. Today's recommended action will authorize the Chair to sign the Certificate of Assurance of Compliance (COAOC) documents, which authorizes the District Attorney to apply and sign for these grant subawards, including acceptance of additional funding, extensions, modifications or amendments thereof.
