### **BACKGROUND AND DISCUSSION**

In accordance with the Performance Improvement Plan (PIP), the California Department of Social Services (CDSS) and the California Social Work Education Center (CalSWEC) convened a statewide training education and training committee (STEC) to identify training concerns and to recommend improved training across the state. The PIP requires CDSS to focus on specific training activities as they relate to Child Welfare social workers and Child Welfare social worker supervisors; establish a statewide minimum requirement for on-going training of existing staff, and develop and implement a California Standardized Core curriculum to support and enhance Napa County CWS program initiatives, as well as provide training for the CDSS mandated training hours for Child Welfare social workers and Child Welfare supervisors. Training provided will be for Child Welfare staff.

The Bay Area Academy provides training to CWS staff for purposes of professional development and to improve outcomes for children and families as outlined in the PIP and specified and authorized by County. The

Bay Area Academy works collaboratively with the CWS Training Liaison and CWS management staff to assess training needs, and to develop and deliver an enhanced training program for Napa County CWS.

Approval of this amendment will allow the Contractor to provide five additional days of staff training for Fiscal Year 2021-2022 to support the supervisory framework content goals of the CWS division.
