BACKGROUND AND DISCUSSION

Napa County's Bilingual Pay Differential Policy currently excludes management positions. An audit of employees receiving the Bilingual Pay Differential showed that some County employees who promoted to management positions were still receiving the differential. As a result, the Bilingual Pay Differential was removed for management, per the policy. However, it was realized that some management employees use their bilingual skill in a significant manner, and the County should compensate them accordingly.

If approved, this action will allow management positions to receive Bilingual Pay Differential in instances where the Director of Human Resources, in consultation with the County Executive Officer, finds that a management employee is utilizing their bilingual skills to work with the public for 50% or more of their time.

Therefore, the Director of Human Resources recommends amending Napa County Policy Manual Part I: Section 37F, effective April 19, 2022, as shown in Exhibit "A."
