BACKGROUND AND DISCUSSION

This contract continues the DHCS Managed Care Agreement with Napa County Behavioral Health. Under the Medi-Cal managed care system, Napa County is the Medi-Cal “Mental Health Plan” for the County. The County contracts with DHCS to be the Managed Care Plan of medically necessary specialty mental health services to Medi-Cal beneficiaries in the County. Specialty mental health needs are those requiring the services of a mental health specialist, as opposed to general mental health care needs that can be met by a general health care practitioner. Under the agreement, Medi-Cal beneficiaries must receive Medi-Cal reimbursed specialty mental health services through the County. This agreement outlines Napa MHP's obligations to Medi-Cal beneficiaries. This agreement is for 5 years, and its term dates are July 1, 2022, through June 30, 2027.

This reformatted agreement was received from DHCS in November 2022.
