To Whom It may Concern:

I have the pleasure to have been asked to give a recommendation for Princess Okieme whom I've had the positive and blessed experience of knowing and working with for the past year and a half.

Princess and I had the opportunity to work with one another through my company over a year ago, and during that time I got to know her both personally and professionally.

I was able to experience her morals and values first hand, observe her patience with people, the way she deals with others, her deep love of children (especially those whom are autistic), helping others and especially seeing her integrity. In this day and age, we seldom see people who TRULY love others and want to help them succeed and I can honestly say that Princess is one of those special people.

I would recommend Princess for any position she would apply for and feel that she would be an asset to your Council.

Should you need any additional information or have any questions for me about my relationship and experience with Princess, please don't hesitate to contact me.

Sincerely,  
Janine Jannicelli
