To: Napa County Board of Supervisors

From: Kristine Haataja, Chair, Napa County Behavioral Health Board

Re: Recommendations For Appointment to Behavioral Health Board

At the Wednesday, February 12 meeting, the Behavioral Health Board voted unanimously to recommend the following people to open positions on the board:

- Liz Marks – Family Member of Consumer
- Sandra Oliva – Consumer

Members of the Executive Committee interviewed both candidates. The interviewers were impressed by the candidates backgrounds and by their openness about their and their family members experiences with behavioral health services. Both also identified specific areas of behavioral health that they would like to research and have an impact on.

We look forward to their contributions to the work of the board and to the community.
