Community Participation

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

I have worked in community service for over 25 years. I am committed to doing my part to create a healthy and just community where all people can thrive. I have always had a special place for young adults in my heart and believe that, if supported and empowered, young adults can serve as strong mentors and leaders in their community. I want to serve on this Committee because I believe I bring a unique perspective and skill set. Through my work at VOICES I have direct and daily contact with systems-involved youth and other disconnected youth; I have the opportunity to learn directly from youth about the challenges and stressors they experience. My background in strategy and policy development positions me to be supportive to Committee in developing strategies and programs that best serve and support young adults.

Nature of activity and community location

I am an Executive Team member of On The Move. On The Move was founded in 2003 with a mission to develop and sustain young people as leaders by building exceptional programs that challenge inequities in their communities. The mission of VOICES, a program launched by On The Move in 2005, is to empower underserved youth, ages 16-24, by utilizing holistic services throughout their transition from systems of care, while building a loving community and establishing a solid foundation for a healthy future. VOICES is located on Lincoln Avenue in Napa with co-located services delivered on the campuses of Silverado Middle School, Vintage, American Canyon and Napa High Schools. VOICES also has locations in Santa Rosa and Vallejo, allowing for a unique opportunity to experience the varying policies and strategies between contiguous counties.

Other County Board/Commission/Committee on Which You Serve/Have Served

I currently serve on the Napa County Community Prevention Plan Implementation Committee through Napa County Child Welfare. I also serve on SHINE, a collaborative of behavioral-health focused community based organizations working to increase access to behavioral health services on school campuses throughout Napa.
