

AB 1890 Timeline

Where AB1890 Currently Sits

Introduced: **Feb 12, 2026** Passed Policy Committee: **March 25, 2026** → Sent to Appropriations

We are **between Gate 2 and Gate 3** - the budget scrutiny phase.

The “Transitions” We Care About

Gate 1 = Policy → Budget Authority

- **March 25** (actual for AB1890) System deadline: **April 24**
- This was the biggest conceptual shift (idea → cost)

Gate 2 = Budget Committee → Floor

- **May 15 deadline** If it doesn't clear Appropriations (incl. Suspense) it's effectively dead for the year

Gate 3 = Floor → Budget Negotiation Window

- **May 29 (House of Origin)** Bills still alive influence **June 15** budget deal

Gate 4 = First House → Second House Reset

- After May 29, process repeats: Policy → **July 2** Approps → **Aug 14**

Gate 5 = Legislature → Governor

- **Aug 31 – Sep 30**
