

BEHAVIOR HEALTH

3/27/73 The Mental Health Services Alcoholism program was designated the official detoxification center for the County, and Napa State Hospital shall still be utilized for critical cases until such time as the County gains the capability of handling all such cases.

6/13/78 The following facilities were designated for the purpose of involuntary detention of mentally disordered persons for evaluation, treatment and intensive treatment effective June 13, 1978:

Napa State Hospital
Napa, California

St. Helena Hospital & Health Center
Deer Park, California

Walnut Creek Hospital
Walnut Creek, California

Everett A. Gladman Memorial Hospital
Oakland, California

Veterans Administration
Hospital
Palo Alto, California

Ross General Hospital
Ross, California

Herrick Hospital
Berkeley, California

The following facilities are hereby designated for the purpose of involuntary detention of inebriates for evaluation, treatment and intensive treatment:

Napa State Hospital
Napa, California

Residential Detox Unit
Napa County Mental Health Services
Napa, California

Walnut Creek Hospital
Walnut Creek, California

St. Helena Hospital & Health Center
Deer Park, California

Everett A. Gladman
Memorial Hospital
Oakland, California

Ross General Hospital
Ross, California

Herrick Hospital
Berkeley, California

The Napa County Community Mental Health Services shall develop and maintain current and appropriate guidelines governing the selection of a designated facility for the involuntary detention of mentally disordered persons and of inebriates, in conformance with this resolution and applicable State laws and regulations.
(Resolution No. 78-77)
