

# AB 1890 Timeline

## Where AB1890 Currently Sits

Introduced: **Feb 12, 2026** Passed Policy Committee: **March 25, 2026** → Sent to Appropriations

We are **between Gate 3 and Gate 4** - the budget scrutiny phase.

### The “Transitions” We Care About

**Gate 1** = Policy → Budget Authority

- **March 25** (actual for AB1890) System deadline: **April 24**
- This was the biggest conceptual shift (idea → cost)

**Gate 2** = Budget Committee → Floor

- **May 15 deadline** If it doesn't clear Appropriations (incl. Suspense) it's effectively dead for the year

**Gate 3** = Floor → Budget Negotiation Window

- **May 29 (House of Origin)** Bills still alive influence **June 15** budget deal

**Gate 4** = First House → Second House Reset

- After May 29, process repeats: Policy → **July 2** Approps → **Aug 14**

**Gate 5** = Legislature → Governor

- **Aug 31 – Sep 30**
