**RE: 2024 Annual Reports on Napa County's General Plan and Housing Element**

Dear Mr. Assefa,

Attached, please find the 2024 Napa County General Plan Implementation Table, the 2024 Housing Element Implementation Table, and the 2024 Housing Element Annual Progress Report (in Excel Workbook format). The General Plan Implementation Table is organized by element with status provided in the right-hand column for each policy and action item. The General Plan implements mitigation measures from the General Plan Environmental Impact Report, since many of the mitigation measures were adopted as policies or action items.

In accordance with statute, the Napa County Board of Supervisors were provided these reports for their regular meeting on March 25, 2024, to ensure public input was received as well as to allow time for Board discussion.

Since the adoption of the Napa County General Plan in 2008, the County has maintained a comprehensive list of implementation action items. The overarching theme of the General Plan is a long-standing commitment to preservation of agricultural lands for agricultural land uses, while planning for residential and non-agricultural growth within urbanized areas. The County works diligently with the cities and town of Napa County to promote and support housing development within the cities, town, and unincorporated urbanized areas of Napa County.

The County continues to diligently take action on the objectives and action items from the 2023 updates to the Napa County Housing and Safety Elements. Napa County's Housing Element was found to meet the statutory requirements of State Housing Law by the Department of Housing and Community Development on February 22, 2024.

Should you have any questions, please contact Trevor Hawkes at [trevor.hawkes@countyofnapa.org](mailto:trevor.hawkes@countyofnapa.org) or by phone at 707-253-4388.

Regards,

Brian D. Bordona, Napa County Director of Planning, Building and Environmental Planning
