

**ASSEMBLY BILL**

**No. 1108**

---

**Introduced by Assembly Member Calderon**

February 15, 2023

---

An act to amend Section 8593.9 of the Government Code, relating to emergency services.

LEGISLATIVE COUNSEL'S DIGEST

AB 1108, as introduced, Calderon. County emergency plans.

Existing law, the California Emergency Services Act, among other things, creates the Office of Emergency Services, which is responsible for the state's emergency and disaster response services, as specified. Existing law requires the Governor to coordinate the State Emergency Plan and the preparation of plans and programs for the mitigation of the effects of an emergency by the political subdivisions of this state. Existing law defines the terms "political subdivision" and "emergency plans" for purposes of emergency services provided by local governments. Existing law requires the governing body of each political subdivision of the state to carry out the provisions of the State Emergency Plan. Existing law requires the office to establish best practices for counties developing and updating a county emergency plan and a process for a county to request that the office review a county's emergency plan by January 1, 2022.

This bill would require each county to review and update its emergency plan at least every 2 years. Because the bill would require local officials to perform additional duties, the bill would impose a state-mandated local program. The bill would remove the date by which the office is required to update the best practices referenced above.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.
