Community Participation

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

I want to work on protecting and helping fish and wildlife in Napa County because I really care about nature and want to make sure animals and their homes are safe for a long time. I've learned a lot about how to take care of the environment and I think I can help by finding simple ways to fix big problems. I'm good at working with other people to come up with ideas and I always try to learn new things to do my job better. I believe that by working together, we can make sure that all the animals and plants in our area stay healthy and safe.

Nature of activity and community location

As a representative it needs to use the best judgment on how the commission's money should be spent because it does have a big impact.Also,we will go to different places in Napa to do research and launch new project.
