RE: Temporary Event Application – Request for Fee Waiver Information

Napa County Policy Manual, Part 3, Section 10.020(a) provides that the County officer or employee responsible for collecting any fee (or on appeal to the County Executive Officer) may waive the fee if certain findings are made.

The four required findings under Section 10.020(a) are as follows:

- The applicant is a non-profit organization;
- The waiver of the fee will advance a public policy;
- The waiver of the fee is in the public interest and will promote a public benefit; and,
- A non-profit organization approved for a Fee Waiver shall provide written assurance that a designated percentage of the proceeds of said event will be donated for the public benefit of the citizens of Napa County.

A non-profit organization approved for a Fee Waiver for any Category event shall still pay a minimum processing fee as well as any applicable expedited processing fee set forth in Section III of the Napa County Policy Manual, as may be amended by resolution of the Board of Supervisors.

A fee waiver for a Temporary Event is approved through Napa County Planning, Building, and Environmental Services. After the fee waiver is granted, the applicant must still submit a completed application 60 days prior to the event date. Should the application be late, an expedited processing fee will be applied. The expedited processing fee cannot be waived.

Attached is the Fee Waiver Request Form. Please submit it for approval with your Temporary Event Application.

If you have any questions, please feel free to contact me at (707) 299-1331.

Guide to Recycling at Special Events

Special events provide a great opportunity to recycle. Efforts are appreciated by both your guests and staff.

Once you learn the basics, you'll see how **EASY** it is to recycle at your event!

RECYCLING GUIDELINES

PLAN AHEAD — Include recycling from the start of the event planning process.

1. Check with the facility to **verify existing trash and recycling services**. If these services will not meet your needs, contact your service provider (see reverse) for assistance in selecting appropriate recycling and trash containers for your event. Order extra service at least several weeks in advance.
2. **Advanced notification to vendors and/or caterers** is important. A message with instructions about recycling at the event should be included in your written event communications.
3. **Think about the location of the containers** and who will be using them (public or staff) so you can place them appropriately. There is a variety of equipment available: including carts, bins, and large boxes.
4. **Identify who will be emptying the recycling and trash containers** at the event. Communicate with them to determine what needs to be done from set-up to closing to achieve successful recycling. This is part of planning for the event and should not be done on the day of the event. NRWS/NCRWS offers free recycling trainings for event staff — call for details.

EVENT SETUP

1. **Always pair recycling containers with trash containers** — neither should EVER be alone, since a lone recycling container will just fill up with trash, and visa versa! Lidded containers with restricted openings work best for recycling since this discourages trash.
2. Recycling and trash containers should be different colors (blue for recycling). If bags are used, **use clear for recycling** and another color for trash for easy identification. **Never use dark bags for recyclables** because recycling facilities consider anything in a dark bag trash.
3. **Proper signage on all containers is Key** (print out sample signs at www.naparecycling.com). It should be clear what items can be recycled — use graphics and provide bilingual information whenever possible.
4. Reminders (signs posted at the venue, live stage announcements, messages in event programs or promotional materials) help reinforce the recycling message.
5. Make sure ample recycling containers are **placed near high volume areas**: bars, kitchens, food bussing areas, food stalls, etc.
6. Remind staff and/or volunteers of duties – particularly the cleanup crew. A day of great recycling efforts can be obliterated if the cleanup crew has not been trained. If you are not able to recruit volunteers for cleanup, paying for assistance during this critical time is a worthwhile investment.
7. Make sure trash cans are emptied regularly. If trash cans overflow guests and staff will start using the available recycling containers for trash.

Each event is different. Use these tips as an outline to begin building a successful recycling program.

REASONS TO RECYCLE

- ♻️ Special events typically produce a lot of waste...which can lead to unexpectedly huge garbage bills. Recycling can save you money — there is always a charge for trash collection, while recycling service is provided free of charge or at a discounted rate.
- ♻️ State and County policies require recycling at large events.
- ♻️ Your guests notice and appreciate it — recycling is good public relations!
- ♻️ By recycling, you save valuable resources, conserve energy and reduce pollution.
- ♻️ Increasingly, corporations and agencies give preference to “green practices” when shopping for event locations and service providers.

Success stories: *The 2010 Earth Day Festival recycled or composted 93% of the event waste and generated only 60 lbs. of garbage.*

At the Town and County Fair each August, NRWS collects over 75 tons of recyclable and compostable material, ¾ of the total material generated at the event!

POLICIES AND PROCEDURES

Each year in Napa County, there are many fairs, festivals, and other special events. These events are generally intended as fundraisers, promotional opportunities and community celebrations, and alcoholic beverages are served. Napa County is unique because we are fortunate to have world-class wines to serve and sell as part of the events. It's the way of life in Napa County that also brings a responsibility to event planners, volunteers, guests and residents to prevent drinking and driving and other alcohol related problems.

The Napa County Responsible Hospitality Coalition is available to assist any organization in planning an event that is well-organized, successful, and profitable, and at the same time, promotes responsible hospitality. The checklist below is to be used as a guideline for event planning.
