Community Participation

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

As a Veteran I love connecting with people that have a similar background. I work for a company that is over %50 Veteran and I truly embrace the bond of our shared love of protecting our rights. I also enjoy supporting those that are affiliated, whether it is family members or those that supported our troops overseas. As a silversmith, I have made countless memorial bracelets for wives, children, friends and battle buddies commemorating those that gave their lives for our Country. I also spearheaded a fundraiser to bring my Afghani Driver/Interpreter to America, it took 2 years but he and his family made it to Salt Lake City in November of 2023. I feel like my understanding of the community, the nuances of each persons journey within the military and my empathy for the various effects that serving can have will enable me to serve our community in an effective and considerate way.
